

## Scrapbooking ideas for layouts

An OLD example of my **Quién Soy Yo?**

Yours will have the TAGXEDO. Yours will be a 2-page spread.

Two page requirements:

- \* Place the Quién Soy YO...? title OR make your own...
- \* Place the journaling list (FROM FALL) with different fonts and colors that match with your background paper.
- \* Place a small version of the photo from which you created the Tagxedo.
- \* Place the bigger version of the Tagxedo. Make sure that it is credible and clear and that you followed the instructions to make the Tagxedo...(lots of words, variety of sizes, clear photo of self within the words).
- \* Add other favorite photos of you...portraits, selfies, serious, funny, that capture your essence.

Other layout ideas...you must make two layouts of your choice!
